As Though You Didn't Know...

By Clinton Caldwell

In view of the fact that somebody is always dividing the people of this world into two classes—such as the just and the unjust, the good and the bad, the stupid and the bright—we thought that as a person who has to deal a whole lot with people, we'd pick a couple of classes of our own to put people in.

These classes are the modest and the immodest.

Before you jump to any conclusions about yourself, are you sure you know the difference between a modest person and one who is immodest?

Maybe you think that a person who doesn't like to talk about himself, who doesn't want his name in the news, is a modest person. Well, that's not the way we've got it figured at all. In our book the really modest person is the guy who not only does things that make news, but he is just modest enough not to try to act coy when you ask him to tell you about it.

The immodest person is the bloke who does something and then, when you ask him about it, is so immodest as to think he's important enough for you to have to pump him in order to get the information you need.

Of the two we'll leave it up to you which we prefer.

Our never-ending quest for a house in which to live last week led us up Niles Canyon a few miles to an old two-story frame house set back a way from the road in a grove of gently-whispering oaks.

Stepping across the creaking wooden porch, we were about to knock on the screen door, when a voice said,

"Drop that gun!"

We don't carry a gun but just as we were about to drop our equanimity and run, a second voice said, somewhat reassuringly,

"Why, Bill!"

Since our name is not Bill, we knew that we were not physically implicated; all the same, it was a relief to learn, just a second or so later, that our arrival had somehow coincided perfectly with one of the more or less dramatic moments in a soap opera which the lady of the house had tuned in.

P.S. No, we didn't get the house.

Although during the war years the post office was a place where a number of things besides stamps and envelopes could be purchased (viz: auto stamps, war bonds, etc.) things have been getting back somewhat to normal lately.

Anyway they were until one day last week when a little girl came up to the window in the Centerville post office and, reaching up, pushed a note through the window toward Vivian Rose. Besides the $1.49 worth of stamps she wanted, there was a request for two pounds of hamburger.

She got the stamps from Vivian all right, but she had to go to the Safeway for her hamburger.

VETS, IT'S EASY TO GET PAY FOR UNUSED LEAVES

To assist G.I.'s who are not able, because of work or other reasons, to pick up the claim forms to receive pay for unused leave while in the service from the post office, the American Legion has arranged with Sid's Pharmacy, in the Center Theater building, Centerville, to have some of the blanks available up until ten o'clock each night. G.I.'s wishing to avail themselves of this service may simply request an "Unused Leave Blank" at Sid's.

A fair number of the notaries public in the township have been contacted, and all have expressed their willingness to take the affidavits on these forms free of charge. Again, in order to help G.I.'s who cannot contact a notary public during the daytime, the Legion has arranged to have a notary public present at the meeting of September 11, at the Memorial Hall in Niles.

All G.I.'s are invited to bring their claim blanks to this meeting for notarization, regardless of whether or not they are members of the Legion.

The September 11 meeting will be a special invitation meeting of a large number of new members of the American Legion who are beginning the new fiscal year in the Washington Township Post. A special visiting "40 et 8" initiation team will be in charge of the ceremonies that night.

LOCAL BOYS FIGHT BLISTER RUST IN NORTH CALIFORNIA

Three local youths, Roland Chivers of Niles, Gene Roth of Warm Springs, and Andy Graber of the Alviso district, have returned to their respective homes after an interesting six weeks spent in the northern part of the state, fighting the dread blister rust, which has ravaged the ponderosa and sugar pine forests in Oregon, but has mercifully made little inroad on the forests of California.

The local boys, with many other youths, were employed jointly by the U. S. Department of Agriculture and the Department of Interior to help eradicate the gooseberry plant that attracts the blister rust, and from the gooseberry it goes to the pines, and—in a vicious circle—back to the gooseberry again.

The authorities thus feel that it is necessary to take every precaution in order to prevent the spread of the disease to California forests. By ridding the state of the gooseberry plant, they feel that the disease will be unable to gain much of a foothold.

In addition to their job of eradicating the gooseberry plants, the boys also engaged in fighting forest fires.

$1000 REWARD TO BE PAID LOCAL MAN

A United Press story said this week that a reward of $1,000 is being paid to Magior Marchisio, Centerville hotel proprietor, for furnishing information leading to the arrest last spring of Robert Hailey, 36, accused of terrorizing Japanese-Americans in Washington Township.

Hailey was sentenced to one year in jail by Judge Edward J. Tyrrell last March, following his arrest for firing a shot gun into the homes of Motonosuka Motozazi and Toshiaki Idota.

Arrested with Hailey at the time was Charles Custom, 42, who later was freed for lack of evidence.

Hailey's home was given as Warm Springs and his occupation as that of tractor driver.

Testimony at the trial indicated that Hailey and another man had gotten the idea to molest the recently returned Niesi internees while drinking in a Centerville tavern.

LINEMAN KILLED IN NILES CANYON

Francis F. Drake, 48, lineman for the Pacific Telephone and Telegraph Company, was instantly killed on Monday afternoon when struck by a Western Pacific freight train near the entrance to a tunnel in Niles Canyon.

Drake, one of a crew stringing up wires on the railroad right-of-way, failed to notice the approaching train and stepped directly into its path.

His body was taken to the Berge Mortuary Company in Niles, and notice was sent to his relatives in Sacramento.

WHAT NEXT, SGT. NELSON?

Ex-Technical Sergeant Theodore Nelson is not being detained in Belgrade — anyway not the Theodore Nelson in Centerville—anyway not the Centerville which is in Washington Township. Anyway that's what ex-Technical Sergeant Theodore Nelson wants people to understand.

It seems that a day or so ago when news came over the United Press wire that one Theodore Nelson of Centerville, California, was one of a group of American soldiers being detained in Belgrade following the shooting of a Russian soldier, a number of anxious persons began telephoning the Nelson home in Centerville to get the details.

But it so happens that there are four Centervilles in California and the one here was not the one in question. Sergeant Nelson of the township Centerville served in the South Pacific area, and has not to date shot any Russians.

SOUVENIR COIN MAY BE MINTED FOR MISSION

A fifty-cent piece, commemorating the coming 150th anniversary celebration of Mission San Jose de Guadalupe, may soon be on its way to being minted, if present plans of the committee at Mission San Jose are brought to fruition.

The committee, meeting last Tuesday night at the fire house, announced that it had already approached Congress to get the go-ahead signal on the fifty-cent souvenir coin, which would sell for a dollar. A $12,500 guarantee has to be put up by the sponsors, however, before Congress will give the order to start minting. But the committee is confident that this amount can be raised.

In addition to the souvenir coin, which would be distributed only here and at the time of the celebration, which has been set tentatively for June 13, 14 and 15, it is also hoped that a souvenir postage stamp will be printed. The Postmaster-General has been contacted to investigate this possibility.

On September 24 all the organizations of the township have been invited to participate in discussions and plans for the forthcoming event. On the 100th anniversary in 1897, over 10,000 made the trip to Mission San Jose—by horses and buggies—to take part in the celebration. It is thought that for this, the 150th anniversary, even more will make the pilgrimage. For that reason, the cooperation and good-will of the whole township is sought.

FROZEN FOOD OUTPUT INCREASES THIRTY FOLD

The frozen food industry is admittedly in its infancy—yet within five years, California's frozen fruit output has increased nearly thirty-fold, and the frozen vegetable pack has increased nearly 800 per cent, the California State Chamber of Commerce's research department reported this week. With new processes being evolved to increase varieties that can be marketed after freezing, the ultimate output is hard to conjecture.

The 1940 Golden State fruit pack was 5,518,946 pounds—some of the products being imported from Utah, California fruit pack—all home Idaho and Colorado. The 1945 grown—was 166,531,761 pounds, according to Western Frozen Food Processors Association figures. In the same period, the frozen vegetable pack jumped from 5,816,144 pounds to 48,074,479 pounds in 1945.

Apricots formed the top freeze pack last year, and registered the greatest increase — from 55,000 pounds in 1940 to 34,809,185 in 1944 and 44,768,160 in 1945.

Second highest freeze pack last year was the peach—49,960,227 pounds, compared with 97,000 pounds in 1940 and 23,976,725 in 1944.

PEERLESS STAGE DEPOT GETS REJUVENATION

The Peerless Stage Depot in Niles is undergoing a beauty treatment at present that will leave it with a new coat of paint and a brand new set of booths, two doubles and two singles.

Mr. and Mrs. Richard Davis are owners of the place.

BAY AREA MOURNS PASSING OF DR. CHARLES WILSON

One of the bay area's most interesting and colorful figures died last Saturday at his San Leandro home. He was Dr. Charles Edward Wilson, 76, father of Dr. Tom Wilson, Niles dentist.

Active in dentistry and absorbed in his orchid raising until the last, Dr. Wilson was admired by relatives and friends alike for his keen interest in life, and in living.

His interests were many. In addition to being one of the few dentists in California who received his dentistry training under the old apprenticeship system, he was the only dentist in the United States who was still making all-porcelain artificial dentures, a lost art at the present time.

Aside from his dentistry, he was equally famed as an orchid grower. A member of the California Orchid Society, he had won trophies every year for the past four years for producing the best orchid seedlings. He also had won gold medals at the Flower Show in Oakland. For the past 25 years, he had operated the Edenvale Nursery on the Niles-Mission road, and also owned four cattle and alfalfa ranches in Colorado.

Dentistry and orchid-raising did not comprise his sole interests, however. He was interested in sports, and in his younger days was the Pacific Coast amateur lightweight wrestling champion as a member of the Olympic Club in San Francisco. He was also a member of the Athens Club, and, of course, the American Dental Association.

A native of Omaha, Nebraska, he came to this area with his family when he was five years old and had lived here since that time, and had maintained offices at 450 Sutter street in San Francisco.

He is survived by his widow, Mary Alice, prominent clubwoman; three children, Mrs. James F. Trahern, C. E. Wilson Jr., and Dr. Tom Wilson, and four grandchildren.

Funeral services were in charge of the Andker-Petersen Funeral Home.

PER CAPITA COST OF COUNTY SHOW MARKED DECREASE

Alameda County government cost $16.57 per person for 1944-45, compared with $23.84 per capita for 1940-41, and peak war-time expenditure of $21.75 per person for 1941-42, California Taxpayers Association said this week, making public its study of per capita costs of county government during the war years. War-time low per capita costs of county government during the war2aetaoinshrdluetaoi was for 1944-45. Data for 1944-45 are the latest available.

Over the state as a whole, the per capita cost of county government for 1944-45 was $26.67, compared with $29.34 for 1940-41 and a war-time peak of $28.06 for 1941-42. War-time low for county government expenditures throughout the state was $25.33 in 1942-43.

SOFTBALL CHAMPS START SERIES

By virtue of a 10-inning victory over Wedgewood on Wednesday night with a 2 to 1 score, the Native Sons softball team will be paired off against the determined and dangerous Kleine's aggregation in a 5-game series beginning Friday night that will decide the township championship.

In a 12-inning game played Monday night, the Sons beat Wedgewood by a score of 3 to 2 in what many considered the most thrilling game ever played under the arcs this season.

Due to Labor Day there will be no game played Monday, and the second game of the championship series will be on Wednesday, September 4.

SWIMMERS, ATTENTION

Because Old Man Weather played a mean trick last Wednesday by getting his August weather confused with January (brr-rr-rr, wasn't it COLD?) the Red Cross swimming class at Elderberry Park was put over until next week.

Though last Wednesday was supposed to have been the last swim class of the series, because of the cold weather there will be a make-up class next Wednesday at the usual time. This make-up class will give the youngsters a chance to earn their certificates.

FIRE TRUCK RIVALS JEEP ON HILLSIDE

Ever ride in a jeep?

Shucks. A jeep's got nothing on Niles Fire Chief Clarence Crane's big white fire truck. It can go like a burro or a jack rabbit, too. And Wednesday afternoon it did.

An alarm was turned in from Canyon Heights in the middle of the afternoon—grass fire. When Crane and his volunteer crew got there the flames were crossing the barb-wire fence onto the Vargas property and running up the steep hillside.

Crane's truck—and almost countless kids with gunny-sacks chased the flames up the hillside. After burning about 15 acres the fire was extinguished.

It was quite an afternoon.

But—kids shouldn't play with matches.

FIREMEN'S MEET CALLED SUCCESS

The Alameda County Firemens' Association one day convention held at Pleasanton Sunday, first of its kind, was successful far beyond the expectations of its sponsors.

According to Clarence Crane, Niles fire department head, every township fire department was represented, and the general attendance ran to more than 1000 persons.

Biggest event of the day was a demonstration of the newer techniques in fighting oil and gasoline fire, a type of fire hazard which is ever on the increase. Using a pit filled with a flaming mixture of oil and gasoline, several new chemicals were demonstrated in action.

Most spectacular, however, was the new type nozzle which, throwing a 90 degree fog stream, makes ordinary water one of the most effective agents with which an oil and gas fire can be fought.

Another new straight tip nozzle used on a 2½ inch hose, makes it possible for one man to do a job which formerly required the use of three men.

The L. N. Curtis Company of Oakland had a complete line of fire fighting accessories on display, and the Eagle Pitcher Insulation Company showed how effective a job it can do when it comes to insulating and fireproofing a dwelling.

"The convention more than proved its worth." Crane said. "The next convention we have we hope we can hold right here in the township."

CONVENT SADDENED BY SISTER'S DEATH

Passing away last Thursday at the Dominican Convent following a long illness, was Sister Mary Angela Harnett, 70. She had celebrated her golden jubilee last June.

Before coming to the convent of the Dominican Sisters in 1943, Sister Harnett had taught school in Los Angeles, San Francisco and Oakland. She entered the order at Immaculate Conception Academy in San Francisco in 1896. She was a native of Benecia, California.

Final rites were held Thursday in the convent chapel under the direction of the Berge Mortuary. Interment was made in the convent cemetery.

NEW SEATS FOR NILES THEATER

New seats, and a new marquee for the Niles Theater!

That is the good news for showgoers that Bill Helm, manager of the theater, is telling us about this week.

Already the ceiling and walls of the theater have received new coats of paint, and by January the new seats should be in. There will also be new, raised loges on each side, in addition to the center loges.

The marquee will be of the latest modern design, and will do much to beautify the exterior of the theater.

SERVICES RESUME THIS SUNDAY AT NILES CHURCH

The Rev. Burton L. Palmer, retired pastor of Woodside, will be the substitute pastor at the Niles Congregational Church services next Sunday, September 1, at the regular 11 a.m. service.

Rev. Palmer has consented to fill in until a regular pastor can be found, to fill the vacancy left by the death of the late Rev. D. Q. Grabill.

This will be the first Sunday service since the church closed in early July.

Boys Seriously Injured As Auto Hits Bicycle On Niles-Mission Road

....Everett M. Green, 8, was severely injured on the highway near Niles Wednesday morning when the bicycle on which he was riding was struck by an automobile driven by a San Francisco woman, Mrs. Anita Pedro, 25.

Riding on the bicycle along with the Green boy was Larry Gould, 7, who sustained slight injuries. Mrs. Pedro's companion and owner of the automobile, Elizabeth Wells, also of San Francisco, was charged by officers investigating the accident with being intoxicated.

Although no witnesses could be found, as near as could be determined the Green boy, son of Morrison Green and grandson of Mrs. Fern Mitte of Niles, and the Gould boy were proceeding south on the highway near the underpass when the automobile, coming up from behind, attempted to pass on the right side. Mrs. Pedro, charged with driving without an operator's license, told Captain Eike of the highway patrol, that the boys swerved to their left just as she attempted to pass them.

Following the accident, the two boys were taken to the Hayward Hospital where the Gould boy was later released. The Green boy, however, was transferred to the Alameda Sanitarium, Alameda, where he was treated for a compound fracture of the hip, a fractured ankle and severe cuts and abrasions of the face and body.

An additional charge was filed against the Wells woman for permitting an unlicensed person to operate her car. Neither of the women were held.

DRY GOODS STORE WILL OPEN SOON

By MARY PURDY

Mrs. Ira Howard of Canyon Heights Drive, Canyon Heights, has leased the business property at 760 Main street, Niles. She is opening a ready-to-wear and dry goods store at that address about September 10.

Mrs. Howard is the wife of Mr. Ira Howard who is employed by the Navy in Alameda. The Howards moved to California in 1937 and have lived in the vicinity of Niles and San Jose since that date. Mrs. Howard is a native of Kentucky and later lived in Texas and Oklahoma. The Howards have six children, two of the sons having been recently discharged from the services.

Mrs. Howard has had a variety of experiences aside from her home-making. She is an accomplished seamstress and has spent a number of years in that trade. Other work has included five years in the Booth Cannery, and one season managing the cafeteria at the Holly Sugar Mill in Alvarado. During the war she was employed by Dr. Neilsen of San Leandro.

The building at 760 Main street has recently been occupied by the Nazarene Church and is under extensive alterations at present. Mrs. Howard plans to stock infants' and children's apparel, ladies wear, yard goods, towels, linens and notions. Due to the scarcity of materials she is having some difficuly procuring a large initial stock but hopes to increase her inventory as materials become available.

In connection with her store she also will have a sewing room with dress making and alteration service.

GUNS STOLEN FROM POOL HALL

Particular thieves broke into a pool hall in Niles last Thursday night by forcing the lock on the front door with an instrument thought to be a crow bar.

They were thieves because they stole two guns—a rifle and a shot gun; they were particular because they failed to pay any attention to the $22 which was in the cash register directly under the guns.

SIX LOCAL MEN OUT OF SERVICE

The following men living in Washington Township have reported discharges to Local Board 75 this week.

William Cushing, originally of Irvington, now living in Hayward; Ramon L. Bautista, Alvarado; Victor G. Hernandez, Irvington; Joe T. Ishida, George S. Holeman and Charles N. Marriott, all of Centerville.

BIRTH RECORDS ASKED OF NEW SCHOOL CHILDREN

Centerville Elementary School will open Tuesday, September 10, for the 1946-47 school year.

In accordance with California school law, "children will be admitted to the first grade in districts having only one annual school term if they are five and one-half years of age or older on or before September 1, 1946."

It will be appreciated if parents enrolling children in the first grade will present birth certificates for their youngsters.

Delivery date for the new school bus for the Centerville Elementary school will be on or before January 1, 1947. Everything possible is being done to speed up delivery.

IMPROVEMENT CLUB ASKS A QUESTION

A letter to be written to Western Union demanding to know why it takes so long for a telegram to reach its destination in Washington Township—

A dinner meeting to be held at Play Haven, Irvington, the fore part of next month—

A letter to be addressed to Captain Louis Eike of the highway patrol, asking that there be restrictions made against big trucks parking up on the curb alongside the Ed Rose store—

Those were three of the matters discussed by the Irvington Improvement Club at its meeting held Wednesday night.

As regards such old business as the installation of neon signs at either end of Irvington, it was decided that funds would first have to be raised, as the cost of the signs is known to be considerable. To this end movies taken at the 1946 Apricot Festival are going to be shown soon with an admission charge be made.

The meeting, presided over by Gus Robertson, was somewhat limited in attendance due to vacations and various other summer activities.

LOST DECOTO GIRLS ARE FOUND SAFE

The two Decoto girls, Joyce Bryson and Joan Halliwell, who disappeared suddenly from their homes on August 20, have been found safe in Santa Ana, and the Halliwell girl already returned to her home.

Reason given for the girls' disappearance, which was at first thought to be foul play, was the decision on the part of the Bryson girl, daughter of Mrs. Matilda Bryson, to elope. The Halliwell girl, who merely went along for company, was returned to her home by officers on August 22.

CANYON HEIGHTS NEWS

By MARY PURDY

Late Wednesday afternoon considerable excitement was caused by a grass fire discovered in the orchard at the end of Deer Road, Canyon Heights. Local residents fought the blaze until the arrival of the Niles fire department. The burned area was limited to approximately fifteen acres due to the efficient work of the local fire department.

Mr. and Mrs. Musgove and Mr. and Mrs. Harold Mottershaw went to Oakland last Friday where they all enjoyed dinner at Angelo's. Afterwards. they attended the baseball game between the Oakland Acorns and the Hollywood Stars. Mr. Al Unser, the catcher for the Stars, is a former friend of the Mottershaws and after the game presented Mrs. Mottershaw with a souvenir baseball.

Mrs. Sidney Westray and children, Gordon and Ronnie, returned Sunday night after visiting for five weeks in her parents' home in Abilene, Texas.

The two families, together with several relatives and friends, left afterwards for a Castro Valley tea room where the group were entertained at dinner.

Mr. and Mrs. Harold Mottershaw and three daughters, Patsy, Dolly and Ginger, leave tomorrow for Los Angeles. Miss Marilyn Greenhaw, a house guest of the Mottershaws, will accompany them and return to her home in Los Angeles. The Mottershaws will visit in the Greenhaw home until Wednesday.

Abarr, near Laytonville, where the men of the party spent two days deer hunting. They reported no luck. On Sunday the Dales went on to visit at Redwood Terrace, a resort owned by Mrs. Dale's cousins, Mr. and Mrs. Robert Grundy.

"The Crossing of the Fathers" is the name given to Ute Ford on the Colorado River, first used by Spanish priests.

Labor-saving ideas for Labor Day and every day

These labor-saving ideas will not only cut down your kitchen time this Labor Day week end, but are good for any day you're in a hurry.

QUICKIE OPENING COURSE OR DESSERT—Pour ice-cold ginger ale over chilled canned or fresh fruits. Garnish with mint leaves.

EASY-TO-MAKE MUSTARD SAUCE—Combine equal amounts of currant or other tart jelly and prepared mustard. Beat with a rotary beater until smooth. Serve with baked ham or cold meats.

HURRY-UP TOMATO RAREBIT—Combine a can of condensed tomato soup and a cup of grated sharp cheese in top of double boiler. Place over hot water and stir until cheese is melted. Season with ½ tsp. Worcestershire sauce and ¼ tsp. dry mustard. Thin, if desired, with a tablespoon or two of cream. Serve over toast or toasted English muffins. Serves 4.

EASY CRAB OR TUNA AU GRATIN—Mix together a can of condensed cream of mushroom soup and ¾ cup grated cheese in the top of a double boiler. Place over hot water and stir constantly until cheese is melted. Fold in 1 cup tuna or crabmeat. Pour into well-greased shallow baking dish or baking shells. Top with bread crumbs and additional grated cheese and place under broiler to melt cheese. Serves 6.

QUICK CHARLOTTE RUSSE—Prepare a package of chocolate pudding according to directions on package. Fold in left-over angel or sponge cake. (Pull pieces apart with fingers or forks.) Chill and serve in sherbet glasses topped with whipped cream and grated sweet chocolate. Serves 6.

SPEEDY FRUIT CREME—Dissolve a package of fruit-flavored gelatin in a pint of hot water. The red gelatins—strawberry, cherry, or raspberry—are especially good. Chill until thick and syrupy. Beat with a rotary beater until light and foamy. Add a pint of vanilla ice cream and continue beating until thick and smooth. Serve at once in sherbet glasses or chill several hours and then serve. Serves 6.

THE NEWS IN NEWARK

By LORETTA CALDEIRA

Lorin Counts, resident of the M. & M. Club hotel, is spending a two weeks' vacation visiting the east coast and southern states.

Mrs. Emily Reider and daughter, Diane, are spending a week in Santa Cruz.

Mr. and Mrs. Joe Perry and granddaughter, Sylvia Perry, are vacationing in Monterey for a week.

James McCullough and Clarence Stewart spent Saturday fishing at Crockett.

Mr. and Mrs. Cecil Adams and family have left Newark to live in Salem, Oregon.

The Newark fire department had a barbecue banquet Friday night at the Newark fire house. Firemen, commissioners and guests attended.

Miss Betty Figueredo celebrated her sixteenth birthday Saturday evening. A party was held in her honor at the John Silva hall when she received many lovely gifts. Games were played and refreshments served.

BORGE BAGS BUCK

Jackie Borge of Irvington probably isn't the only township deer hunter to come back with something to show for his hunting prowess, but the heading for the story was so stimulating we just had to make something out of it.

NEW VET SPECIALIZES IN LARGE ANIMALS ONLY

A young graduate of Iowa State Veterinary College, Dr. Jack Hylton, called at THE REGISTER office this week to announce that he has started practice in Palo Alto, and will be glad to offer his services to those living on this side of the bay.

Unlike many other veterinarians, Dr. Hylton deals with large animals only, such as horses, cattle and sheep. He has recently purchased a large-animal x-ray, which very few veterinarians have.

Dr. Hylton, who served in the Army in the Veterinarians' Corps, recently received his discharge.

REBEKAH NEWS

They also attended the district meeting and school of instruction later on in the evening at which time Mrs. Gartin was instructor. The arrangements for the evening were under the direction of Josephine Page, district deputy president of District 53, I.O.O.F.

Mrs. Fern Mitte and Mrs. Catherine Parry of the Niles Rebekah Lodge attended the luncheon at the home of Mrs. Florine Nelson last Tuesday, given for the officers and members of the Past District Deputy Presidents' Association of Alameda County.

Mrs. Jennie Mohn, advisor of Necona Theta Rho Girls' Club, Mrs. Ivy Cull, a member of the Board of Control of Theta Rho Clubs, Mrs. Anna Bradford, noble grand of Niles Rebekah Lodge, Mrs. Mildred Barber, Mrs. Fern Mitte and Mrs. Olive Pugmire accompanied a group of girls from the Niles club to Oakland Wednesday evening, at which time they attended the dinner given in honor of Mrs. Nelle C. Gartin, president of the Rebekah Assembly, under the direction of Golden Link Rebekah Lodge, Fruitvale. In the evening they witnessed initiatory ceremonies for a class of candidates for Oakland Theta Rho Girls' Club No. 2, and Necona Theta Rho Girls' Club No. 46, Niles.

The next regular meeting of Niles Rebekah Lodge will be held Friday evening, September 6, at Odd Fellows Hall, Niles. Lodge will start promptly at 7:30 as, after a short business session, the members will visit Alvarado Rebekah Lodge.

The officers and members of Necona Theta Rho Girls' Club met in regular session Tuesday evening at Odd Fellows Hall, Niles, under the direction of Jennie Mohn, advisor of the club.

CRACK-UPS THRILL AUDIENCE AT FLYING FIELD

With this issue of THE REGISTER another Batman breaks into print. This is 12-year-old Don Batman who is rabid on the subject of model airplanes. Inasmuch as the model airplane story had to be "covered" and inasmuch as neither the editor nor associate editor know as much about model planes as does their son, he was finally persuaded to take over the job. His one fear is that some of his pals will read it!

By DON BATMAN

Last Sunday Jack Hansen and I went to the model airplane club meeting at the high school in Centerville.

Gordon Kibby was there flying a Falcon Speedster, powered by a Forster twenty-nine engine. "Butch" Mohn was flying a nice little "P.D.Q.", powered by an Ohlsson 23. Ronnie Estudillo was flying a nice model, powered by an Ohlsson engine. During the landing, Ronnie's plane cracked up and broke the landing gear right off the plane.

Mr. Wes Sears has a plane called "The Whizzer," which is also powered by an Ohlsson 23. When we got there Mr. Sears' plane was making good landings, but just before we left, Mr. Sears' plane did a cart wheel on the wings.

All the planes there were U-control models. Except for some of the crack-ups during the landings, the planes flew well.

The engine on one of the planes wouldn't start for about half an hour, and when they did get the thing going after considerable amount of difficulties, it wasn't revving up enough to take the plane off the ground.

ALAS, ALVARADO LOSES, ALAS

The Alvarado Theater nine were tooken last Sunday, and the outfit responsible for the job was the Fairfax Merchants from the Brooklyn of the West Coast.

Five first string players were missing from the local lineup and that may have had something to do with it. Joe Sanchez started on the hill for the Flicker nine but lasted only three innings when the out-of-towners got into him for six tallies. Maknamura took over then but after only one inning had to be replaced my Alameda.

The final score was Merchants 12, Alvarado 6.

Due to Labor Day there will be no game played this week.

STOLEN SAFE FOUND IN NILES CANYON

A part of the safe which was stolen Tuesday night from the office of McGuire and Hester Company, Oakland, was found in Niles Canyon on Wednesday morning.

Traveling with children?

Next time, try the train
The train offers a great many advantages to parents traveling with children:
1 Safety. Statistics prove that you and your children are safer on the train than in your own home. That's pretty hard to beat.
2 Low cost. Children under 5 ride FREE when accompanied by an adult, children from 5 to and including 11, half fare.
3 Pullman berths cost the same whether used by one or two people. Thus a mother with a child can "double up" with the child in a berth for no additional Pullman fare.
4 Children get seats in chair cars and coaches just like adults, even though they ride free or for half fare.
5 Southern Pacific dining cars offer a wide variety of food for children as well as adults. A special children's menu offers meals at less than adult cost. Ingredients and facilities are provided for the preparation of formulas and special diets.
6 On the train, children have plenty of room to move around. They aren't "cooped up" as in so many other forms of transportation. And they will get a friendly reception from our trainmen, most of whom have children of their own.
7 Traveling on the train is highly educational for children. They see their country intimately, at ground level.
8 Children love to ride on a train. Remember when you were a child—what fun it was to take a train trip?

MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

The deer of "Cappy" Cunha and Tom Santos was used Saturday night at the Mission Bell in a barbecue for the ball team and families, the firemen and families and many invited guests. Mr. and Mrs. Tuttle of the Mission Bell very generously gave the use of the pit to the boys.

Little Kathleen De Lap of Wisconsin is now making her home here with her aunt, Mrs. Gertrude Tuttle.

The Alameda County Postmasters met on Wednesday evening, August 21, at Pland's Restaurant at San Lorenzo with Mrs. Gertrude Mooney doing the honors. A goodly number of the postmasters were present to enjoy the lovely meal and to listen to a very interesting program prepared by Mrs. Mooney.

Mr. and Mrs. Floyd H. Cross and family of Redwood City spent Sunday at the home of Mr. and Mrs. Daniel Cross of Durham road. They were dinner guests there and in the evening came to the home of Mrs. Elsie Wilcox, mother of the boys, to enjoy home made ice cream and cake.

Mr. and Mrs. Joseh Gish and daughters, Ann and Clara, were guests at the William Lawrence home over Monday night, returning to Gustine following the funeral of Mrs. Ann Silva Monday.

Mr. and Mrs. Fred Kohlmoos of San Jose sent Sunday here in the Mission visiting the Larry Medeiros' and Mr. and Mrs. Manuel Andrade.

Mr. and Mrs. Luther Conn of Stockton were week-end guests here at the home of her parents, Mr. and Mrs. Joseph Medeiros. She is the former Mamie Medeiros.

The largest deer to date was bagged near the St. Joseph Cemetery one day last week by Jack Perreira, fire chief of the Mission, and his constant companion, "Tuffie," his doggis pal. It had two points left and right but really big points and weighed well over 120 pounds.

There was a joint meeting on Friday evening of the firemen and the Women's Committee at the fire house to discuss all the angles of the forthcoming one hundred and fiftieth anniversary celebration of the founding of the Mission San Jose De Guadalupe.

A lively discussion ensued and many good suggestions were offered. Andy Hynes of the Linda Vista Park, in charge of town decorations and chairman of the firemen's committee, told his plans.

A committee of eight from both groups will hold a special meeting on Tuesday evening to lay the plans for a public meeting to be held at the Mission Grammar school on September 10 at 7:30. The people of the Mission who are interested and special invitations will be issued to all the civic groups in the township to have representatives there to take back the information to their respective clubs.

If all the drivers were placed end to end on a curve, two thirds of them would hop up and try to pass.

Scores of spectators watched the dedication of the Township horseshoe links. In a game between the township team and Alameda, the latter won 37 games as against 27 for Niles. Dr. Law was president of the local organization.

A large real estate deal was consummated when Ed Rose purchased 200 acres on Oak Hill, back of Niles, from Emily Mayhew.

C. C. Young carried the township for Republican nomination for governor with 1195 votes. Richardson polled 748, Goodcell 280.

LAMB CROP SMALL

California's lamb crop for 1946 was the smallest produced in 20 years, 16 per cent below the crop of 1945. The number of ewes kept in the state's flocks has been decreasing for the past four years. Breeding ewes on hand January 1, 1946, was 28 per cent below 1942.

The lamb crop for this years was estimated by hte California Crop and Livestock Reporting Service at 1,545,000 head.

Growers saved 91 lambs per 100 ewes this year. The ten-year average for lambs saved is 85.

A record for lamb and sheep slaughter was set during the season when 351,000 head were killed in April, an all-time state record for any month. Inspected slaughter of lambs and sheep for the first six months of 1946 was 1,686,000 head, slightly above the large marketing year of 1945.

The total lamb crop of all western states was small, the smallest since 1929 and six per cent below last year.

Thinking Things Over...

By VIVIAN BATMAN

While I am typing this, Assemblyman Dunn is sitting on the other side of the desk, talking to the editor. What he was just saying made me perk up my ears. "There is no place in Oakland or San Francisco to take care of increase in population. There is only one place in the bay area that can do that and that is the Hayward-Washington Township area."

Is that good news to you? Now you know we weren't kidding when we wrote that editorial a couple of weeks ago!

NO SPACE

Speaking of editorials, I had a dilly all lined up for this week but the editor moaned the usual moan, viz: "We haven't got space enough this week."

Whether you know it or not, the paper shortage is reaching a desperate stage. We are having to turn ads away (ouch! that hurts), and we have on hand now only enough newsprint for the next three issues! Don't get alarmed, folks, we'll get the paper out even if it has to be on scratch pads. But in the meantime, be patient, and don't complain if the paper isn't as large as you'd like it to be. One of these days, when the newsprint is more plentiful, we'll put out an issue that will make up for everything!

PRETTY OLD!

Our antique reporter, Kenneth Henry, is taking issue with me on the subject of bridges. He says there are two other very old bridges in California that rate mention. One is the bridge in the Japanese Tea Garden in San Francisco, which—he says—was made in the eleventh century. The other is the ancient Chinese bridge in Griffith Park in Los Angeles.

I asked him how old this latter bridge is. If you know Mr. Henry (if you don't you ought to) you will not be surprised at his answer which was, "Why it's older'n hell!" which leaves me still wondering.

QUEER PETS

I know a family who has pets. Not the ordinary run of pets—although they have their quota of those too—but they have unusual pets.

For instance, they have guppies. Guppies are far more interesting than goldfish, which I think are inane creatures. Guppies, on the other hand, DO something. For one thing, they eat their young. The guppies are born, not hatched, and as soon as they are born they have to swim in the grasses away from their greedy parents so that they won't be eaten up! That's a fine way for parents to act, isn't it!

The latest addition to the pets which this family has is a katydid, which looks something like a big green grasshopper. I was amazed when I learned that anybody kept a katydid for a pet.

This katydid is nice and agreeable. He comes down from the window sill and eats his orange which is sliced off for him, and takes a drink of water, and then goes back to his home on the window sill. Occasionally he will break out into song. He didn't sing while I was there, so I can't tell you the nature of his song, although I was told it's a plaintive little zizzling noise that sounds like "Katydid."

This family also has turtles, two dogs, chickens, and a Siamese cat that spends most of his day lookling longingly at the canary bird.

MORE ABOUT—

My recent expose of the zuccini situation resulted in my being given an enormous zuccini that would put any watermelon to shame. Mrs. Ronald Bendel was the donor. Just in case I couldn't cope with the overgrown zuccini, Mrs. Bendel brought in some perfectly beautiful yellow crooknecks, and my favorate vegetable which is lemon cucumbers.

AS THOUGH

(Continued from page 1)

We don't know for sure if the recent West Oakland bank holdup was the first one to be pulled locally by Negroes or not; if so we'd strongly suggest that from now on they leave the entire business strictly alone.

For unadulterated inefficiency, we don't know when we've seen anything that even comes near it. It's a known fact that crime doesn't pay, but this one didn't even make expenses.

Oh, we'll admit the boys got out of the bank with the money, all right. But, good gracious, the lack of finesse! Imagine robbing a bank while wearing bib overalls and in need of a shave. Of all the inefficacious ways for a bank robber to act! We daresay that all the bank robbers of the past who ever walked, clean-shaven and smartly attired in double breasted suits, into a bank and stuck it up, are spinning in their graves at the mere thought of it.

And consider,too, their choice of a getaway car. A blue Chevrolet sedan which believe it or not (after the boys got through swapping license plates) was the legal property of the very bank that had been robbed. Anybody who has ever fallen behind in his car payments can tell you how tough it is keeping your car out of the clutches of the bank—to say nothing of when you've got $5,000 of the bank's moola nestling in the back seat of said vehicle.

And last but by no means least, look at the lack of imagination that was evident in the boys parking the car, with the money still in it!! in front of a housing project in broad daylight!

No, we're afraid it will never do. We have seen Negro tap dancers that we thought were okay, likewise Negro musicians and Negro football players. But as for Negro bank robbers, no thanks.

No, thanks, indeed.

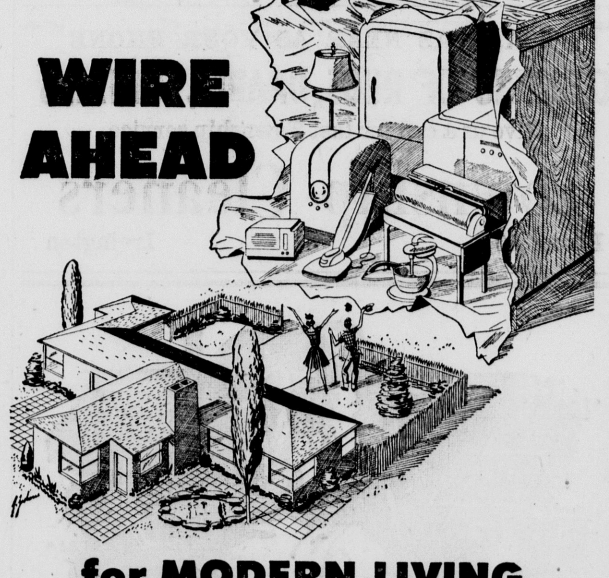
WIRE AHEAD



for MODERN LIVING

Your home will be ready to "take delivery" and connect the many mechanical servants you plan to buy if that home has "Certified Adequate Wiring." When you see the "Adequate Wiring" symbol on a home being built or remodeled, it means plenty of circuits of large enough wire, plenty of outlets and switches for a lifetime of modern electrical service.

Too often, house wiring is designed for lighting alone so that lights blink when the refrigerator motor comes on or the washing machine or iron is being used. That means voltage has dropped and the lights and appliances on that circuit must work harder and longer.

Prepare your home for the future, *wire ahead.* Insist on Certified Adequate Wiring under the floorboards and inside the walls.
